UNIT 05 주장 파악

Gate W

At every step in our journey through life we encounter junctions with many different pathways leading into the distance. Each choice involves uncertainty about which path will get you to your destination. Trusting our intuition to make the choice often ends up with us making a suboptimal choice. Turning the uncertainty into numbers has proved a potent way of analyzing the paths and finding the shortcut to your destination. The mathematical theory of probability hasn't eliminated risk, but it allows us to manage that risk more effectively. The strategy is to analyze all the possible scenarios that the future holds and then to see what proportion of them lead to success or failure. This gives you a much better map of the future ***on which to base*** your decisions about which path to choose.

*junction 분기점 **suboptimal 차선의

평생을 두고 우리 여정의 모든 단계에서 우리는 먼 곳으로 이어지는 많은 다른 길들이 있는 분기점을 만난다. 각각의 선택은 어떤 길이 여러분의 목적지로 데려다줄지에 대한 불확실성을 포함한다. 선택을 하기 위해 우리의 직관을 믿는 것은 흔히 우리가 차선의 선택을 하는 것으로 결국 끝난다. 불확실성을 숫자로 바꾸는 것은 여러분의 목적지로 가는 길을 분석하고 지름길을 찾는 강력한 방법으로 입증되었다. 확률에 대한 수학적 이론은 위험을 제거하지는 않았지만, 우리가 그 위험을 더 효과적으로 관리할 수 있게 해준다. 미래가 안고 있는 모든 가능한 시나리오를 분석한 다음, 그것들이 성공이나 실패로 이어질 비율이 얼마나 되는지를 살펴보는 것이 전략이다. 이것은 여러분이 어떤 길을 선택할 것인지에 관한 결정을 내릴 때 그 근거로 삼을 수 있는 미래에 대한 훨씬 더 좋은 지도를 여러분에게 제공한다.

어법 정리 - 절 대신 구 넣기

관계사: I have a place **in which** to live. which 뒤에 S+V 대신 to를 써도 [앞으로 살~]이란 의미로 이해 가능해서, 전환 가능.

This / gives / you / a much better map of the future + you should base your decisions **on the future** (on which) about which path to choose (의문사)

01

Consumers usually attempt to spend as little as possible. However, it is often the case that people become too concerned with spending as little as possible in the short term, while they are ignoring **while ignoring** the long-term cost of their expenditures. Homebuilders are keenly aware that most homebuyers are trying to buy a home for the lowest price possible. However, in the case of the new home, this is not the most important issue for a wise consumer. Most homes are purchased through a mortgage, and a wise homebuyer should be interested not just in the price of the mortgage, but also in the total price of owning and maintaining a home. Besides maintenance and insurance costs, this would include the mortgage and utility payments. It is usually the case that a more energy-efficient home costs more to build, and therefore has a higher mortgage payment. However, a more energy-efficient home also will *result in* smaller utility payments.

* mortgage: 주택 융자(금)

소비자는 일반적으로 가능한 한 적게 지출하려고 합니다. 그러나 사람들은 지출의 장기적 비용을 무시하면서 단기적으로 가능한 한 적게 지출하는 데 지나치게 신경을 쓰는 경우가 많습니다. 주택 건설업자는 대부분의 주택 구매자가 가능한 가장 낮은 가격으로 주택을 구입하려고 한다는 사실을 잘 알고 있습니다. 그러나 새집의 경우 현명한 소비자에게는 이것이 가장 중요한 문제가 아니다. 대부분의 주택은 모기지를 통해 구입하므로 현명한 주택 구매자는 모기지 가격뿐만 아니라 주택 소유 및 유지에 필요한 총 가격에도 관심을 가져야 합니다. 유지 보수 및 보험 비용 외에도 여기에는 모기지 및 유틸리티 지불이 포함됩니다. 일반적으로 에너지 효율이 높은 주택은 건축 비용이 더 많이 들기 때문에 모기지 지불금이 더 높습니다. 그러나 더 에너지 효율적인 주택은 또한 더 적은 공과금 지불을 초래합니다.

어법 정리 - (전치사 + 명사) / { 접속사 S + V }

~ 동안: 전치사 during 접속사 while ***while (S + beV 생략) ~ing/ p.p : '주어+be 동사' 생략가능**

숙어 정리 - 원인과 결과 구분 - 전치사나 접속사나 뒷 부분과 묶어 해석 하면 쉽다.

result from ~로부터 생기다 [원인] result in ~가 되다 [결과] The accident resulted (from the driver.)

That is because ~ 때문이다 [원인] That is why ~한 이유이다 [결과] That is [why the driver is in hospital.]

02

It is obvious that organized party spirit is one of the greatest dangers of our time. In the form of nationalism it leads to wars between nations, and in other forms it leads to civil war. It should be the business of teachers to stand outside the strife of parties and endeavour to instill into the young the habit of impartial inquiry, leading them to judge issues on their merits and to be on their guard against accepting one-sided statements at their face value. The teacher should not be expected to flatter the prejudices either of the mob or of officials. His professional virtue should consist in a readiness to do justice to all sides, and in an endeavour to ***rise*** above controversy into a region of dispassionate scientific investigation. If there are people to whom the results of his investigation are inconvenient, he should be protected against their resentment, unless it can be shown that he has lent himself to dishonest propaganda by the dissemination of demonstrable untruths.

* dispassionate: 공정한 ** propaganda: 선전 *** dissemination: 유포

조직화된 당 정신이 우리 시대의 가장 큰 위험 중 하나임은 분명합니다. 민족주의의 형태로 그것은 국가 간의 전쟁으로 이어지고 다른 형태로 그것은 내전으로 이어집니다. 정당의 다툼 밖에 서서 젊은이에게 공정한 질문의 습관을 주입하려고 노력하여, 그들이 문제를 시비곡직에 따라 판단하여 일방적인 진술을 액면 그대로 받아들이지 않도록 경계하게 하는 것이 교사가 하는 일이어야 합니다. 교사가 폭도나 관리의 편견에 아첨할 것을 기대해서는 안 됩니다. 그의 직업적 미덕은 모든 면에서 정의를 행할 준비가 되어 있고 논쟁을 초월하여 냉정한 과학적 조사의 영역으로 나아가려는 노력으로 구성되어야 합니다. 그의 조사 결과가 불편한 사람들이 있다고 하더라도, 그가 명백한 거짓의 유포로 부정한 선전에 가담했다는 것을 보여 줄 수 없는 한, 그는 그들의 분노로부터 보호되어야 합니다.

어법 정리 - 자/타동사

rise - rose - risen - rising :자/ 일어나다 raise - raised - raised - raising :타/ 일으키다

03

What urgent tasks are you facing this week? Make a list. Then compare that list of urgent tasks to your list of critical and enabling goals. Do you see anything resembling a match? Don't be surprised if most of the "urgent" issues on your list have nothing to do with your critical and enabling goals. In the absence of serious time management, it's easy for your days to fill up with urgent but unimportant activities. The same applies to many of the commitments we all make to others in the spirit of helpfulness. "Yes, I'll help you with that report," you tell a colleague. "Yes, I'll volunteer to sell raffle tickets for the school fund-raiser." Commitments like these keep us busy without necessarily bringing us closer to our higher goals. To be an effective time manager, you must discipline yourself to differentiate between what is urgent and important and what is simply urgent. When you recognize the difference, you'll know best how to allocate your time.

have nothing to do with ~와 관련없다

* raffle ticket: 경품 응모권

이번 주에 직면한 긴급한 작업은 무엇입니까? 목록을 만드십시오. 그런 다음 긴급 작업 목록을 중요하고 실현 가능한 목표 목록과 비교하십시오. 성냥처럼 생긴 것이 보이시나요? 귀하의 목록에 있는 대부분의 "긴급한" 문제가 귀하의 중요하고 실현 가능한 목표와 관련이 없더라도 놀라지 마십시오. 진지한 시간 관리가 없다면 하루가 급하지만 중요하지 않은 활동으로 채워지기 쉽습니다. 우리 모두가 도움의 정신으로 다른 사람에게 하는 많은 약속에도 동일하게 적용됩니다. "예, 그 보고서 작성을 도와드리겠습니다."라고 동료에게 말합니다. "예, 학교 기금 모금 행사를 위한 경품 응모권 판매에 자원하겠습니다." 이와 같은 약속은 우리를 더 높은 목표에 반드시 더 가깝게 만들지는 못하지만 우리를 바쁘게 만듭니다. 효과적인 시간 관리자가 되려면 급하고 중요한 일과 단순히 급한 일을 구분할 수 있도록 자신을 훈련해야 합니다. 차이점을 인식하면 시간을 할당하는 방법을 가장 잘 알 수 있습니다.

04

We can safely argue that *nearly* all aspects of modern human life owe their existence to science. Electric light, mass food production, transport, air conditioning, medicine, heating, clothing manufacture, etc. are all the products of scientific research. If we therefore convinced ourselves that our scientific endeavours were merely of interest to other scientists, then we would not only be incorrect, we would be selfish, short-sighted, and historically ignorant. Even the most theoretical and 'blue skies' research can be useful and interesting to non-scientists. We ***are therefore compelled to extend*** our science results and their implications to as many people as possible. As if we needed more jobs to do and expertise to acquire! Unfortunately, effective public engagement is something that most scientists have done poorly since the advent of modern communication technologies, so mastering a good communication strategy should be something every developing scientist should try to improve.

* blue skies: 비현실적인

우리는 현대 인간 생활의 거의 모든 측면이 과학 덕분에 존재한다고 안전하게 주장할 수 있습니다. 전등, 대량 식량 생산, 운송, 에어컨, 의약품, 난방, 의류 제조 등은 모두 과학 연구의 산물입니다. 따라서 우리가 우리의 과학적 노력이 단지 다른 과학자들의 관심거리라고 스스로 확신한다면, 우리는 틀릴 뿐만 아니라 이기적이고 근시안적이며 역사적으로 무지할 것입니다. 가장 이론적이고 '비현실적인' 연구조차도 과학자가 아닌 사람들에게 유용하고 흥미로울 수 있습니다. 따라서 우리는 우리의 과학적 결과와 그 의미를 가능한 한 많은 사람들에게 확장해야 합니다. 마치 우리가 해야 할 더 많은 직업과 획득할 전문 지식이 필요한 것처럼! 안타깝게도 효과적인 대중 참여는 현대 커뮤니케이션 기술이 등장한 이후로 대부분의 과학자들이 제대로 해내지 못한 일이므로 좋은 커뮤니케이션 전략을 숙달하는 것은 개발 중인 모든 과학자가 개선하려고 노력해야 하는 것입니다.

어휘 정리 - 혼동 어휘

near 전치사: ~근처에 / 형용사: 가까운 [거리/시간] nearby 형/부: ~가까이 [장소] nearly 부사: 거의

어법 정리 - 5형식 동사 - 목적보어자리에 to 부정사 사용 [앞으로 ~할, 아직 안 한일에 사용]

ask, allow, advise, beg, cause, compel, enable, encourage, expect, force, inspire, lead, motivate, persuade, require, urge, want + 목 + **to ~**

V ~하다 목적어가 ~ 하도록[~하는 것을] > 앞으로 할 일이라서 to 부정사

* 참조 $\overset{S}{\text{She}}$ $\overset{V}{\text{forced}}$ $\overset{O}{\text{him}}$ $\overset{OC}{\underline{\textbf{to do it}}}$. [능동] $\overset{S}{\text{He}}$ $\overset{V}{\text{was forced}}$ $\overset{C}{\underline{\textbf{to do it}}}$. [수동] - 수동으로 바뀌어도 to 부정사이어야 함 [2형식으로 바뀜]

At every step in our journey through life we encounter junctions with many different pathways leading into the distance.

(A) Each choice involves uncertainty about which path will get you to your destination. Trusting our intuition to make the choice often ends up with us making a suboptimal choice.

(B) The strategy is to analyze all the possible scenarios that the future holds and then to see what proportion of them lead to success or failure. This gives you a much better map of the future on which to base your decisions about which path to choose.

(C) Turning the uncertainty into numbers has proved a potent way of analyzing the paths and finding the shortcut to your destination. The mathematical theory of probability hasn't eliminated risk, but it allows us to manage that risk more effectively.

46) 윗글의 알맞은 순서를 배열하시오. [주관식]

47) 윗글의 주제로 가장 적절한 것을 고르시오.

① 미래 예측의 실패 ② 과거에 대한 반성
③ 미래와 과거의 반복 ④ 확률로 분석하는 미래
⑤ 절대 오지 않는 미래

01

Consumers usually attempt to spend as little as possible.

(A) Besides maintenance and insurance costs, this would include the mortgage and utility payments. It is usually the case that a more energy-efficient home costs more to build, and therefore has a higher mortgage payment. However, a more energy-efficient home also will result in smaller utility payments.

(B) However, in the case of the new home, this is not the most important issue for a wise consumer. Most homes are purchased through a mortgage, and a wise homebuyer should be interested not just in the price of the mortgage, but also in the total price of owning and maintaining a home.

(C) However, it is often the case that people become too concerned with spending as little as possible in the short term, while ignoring the long-term cost of their expenditures. Homebuilders are keenly aware that most homebuyers are trying to buy a home for the lowest price possible.

48) 윗글의 알맞은 순서를 배열하시오. [주관식]

49) 윗글의 주제로 가장 적절한 것을 고르시오.

① 주택난 해결 방식 ② 높은 이자에 대한 부담
③ 주택 공급 방식 ④ 전통 주택의 장점
⑤ 주택의 구매와 유지 비용

02

It is obvious that organized party spirit is one of the greatest dangers of our time. In the form of nationalism it leads to wars between nations, and in other forms it leads to civil war.

(A) The teacher should not be expected to flatter the prejudices either of the mob or of officials. His professional virtue should consist in a readiness to do justice to all sides, and in an endeavour to rise above controversy into a region of dispassionate scientific investigation.

(B) It should be the business of teachers to stand outside the strife of parties and endeavour to instill into the young the habit of impartial inquiry, leading them to judge issues on their merits and to be on their guard against accepting one-sided statements at their face value.

(C) If there are people to whom the results of his investigation are inconvenient, he should be protected against their resentment, unless it can be shown that he has lent himself to dishonest propaganda by the dissemination of demonstrable untruths.

50) 윗글의 알맞은 순서를 배열하시오. [주관식]

51) 윗글의 주제로 가장 적절한 것을 고르시오.

① 공평이 깨지는 사회 ② 조직화된 당파심
③ 교사의 중립적 임무 ④ 정치 교육의 필요성
⑤ 정치 선동의 문제점

03

What urgent tasks are you facing this week? Make a list. Then compare that list of urgent tasks to your list of critical and enabling goals. Do you see anything resembling a match?

(A) Don't be surprised if most of the "urgent" issues on your list have nothing to do with your critical and enabling goals. In the absence of serious time management, it's easy for your days to fill up with urgent but unimportant activities.

(B) Commitments like these keep us busy without necessarily bringing us closer to our higher goals. To be an effective time manager, you must discipline yourself to differentiate between what is urgent and important and what is simply urgent. When you recognize the difference, you'll know best how to allocate your time.

(C) The same applies to many of the commitments we all make to others in the spirit of helpfulness. "Yes, I'll help you with that report," you tell a colleague. "Yes, I'll volunteer to sell raffle tickets for the school fund-raiser."

52) 윗글의 알맞은 순서를 배열하시오. [주관식]

① stress from the work
② the unurgent works
③ priority list of your work
④ the spirit of helpfulness
⑤ absence of time management

04

We can safely argue that nearly all aspects of modern human life owe their existence to science. Electric light, mass food production, transport, air conditioning, medicine, heating, clothing manufacture, etc. are all the products of scientific research.

(A) Unfortunately, effective public engagement is something that most scientists have done poorly since the advent of modern communication technologies, so mastering a good communication strategy should be something every developing scientist should try to improve.

(B) If we therefore convinced ourselves that our scientific endeavours were merely of interest to other scientists, then we would not only be incorrect, we would be selfish, short-sighted, and historically ignorant.

(C) Even the most theoretical and 'blue skies' research can be useful and interesting to non-scientists. We are therefore compelled to extend our science results and their implications to as many people as possible. As if we needed more jobs to do and expertise to acquire!

54) 윗글의 알맞은 순서를 배열하시오. [주관식]

55) 윗글의 주제로 가장 적절한 것을 고르시오.

① 이론에만 국한된 과학 ② 과학자에게 필요한 소통
③ 발달하고 있는 과학 ④ 과학자들이 갖는 흥미
⑤ 과학 연구에 필요한 투자

At every step in our journey through life we ① **encounter** junctions with many different pathways leading into the distance. Each choice ② **involves** uncertainty about which path will get you to your destination. Trusting our intuition ③ **to make** the choice often ends up with us making a suboptimal choice. ③ **Turn** the uncertainty into numbers has proved a potent way of analyzing the paths and finding the shortcut to your destination. The mathematical theory of probability ④ **hasn't eliminated** risk, but it allows us to manage that risk more effectively. The strategy is ⑤ **to analyze** all the possible scenarios that the future holds and then to see what proportion of them lead to (A) s_____ or (B) f_____. This gives you a much better map of the future on which to base your decisions about which path to choose.

57) 각 빈칸 (A), (B) 에 알맞은 어휘를 채우시오.

Consumers usually attempt to spend as little as possible. (A) _____, it is often the case that people become too ① **concerned** with spending as little as possible in the short term, while ② **ignored** the long-term cost of their expenditures. Homebuilders are keenly aware that most homebuyers are trying to buy a home for the lowest price possible. However, in the case of the new home, this is not the most important issue for a wise consumer. Most homes ③ **are purchased** through a mortgage, and a wise homebuyer should be interested not just in the price of the mortgage, but also in the total price of owning and maintaining a home. Besides maintenance and insurance costs, this ④ **would include** the mortgage and utility payments. It is usually the case ⑤ **that** a more energy-efficient home costs more to build, and (B) _____ has a higher mortgage payment. However, a more energy-efficient home also will result in smaller utility payments.

59) (A) (B) 빈칸에 어울리는 연결어를 고르시오.

① However - Therefore ② Besides - For example
③ However - But ④ Besides - Hence
⑤ For instance - Yet

It is obvious that _____ is one of the greatest dangers of our time. In the form of nationalism it leads to wars between nations, and in other forms it leads to civil war. It should be the business of teachers ① **to stand** outside the strife of parties and endeavour to instill into the young the habit of impartial inquiry, ② **lead** them to judge issues on their merits and to be on their guard against accepting one-sided statements at their face value. The teacher ③ **should not be expected** to flatter the prejudices either of the mob or of officials. His professional virtue should consist in a readiness ④ **to do** justice to all sides, and in an endeavour to rise above controversy into a region of dispassionate scientific investigation. If there are people ⑤ **to whom** the results of his investigation are inconvenient, he should be protected against their resentment, unless it can be shown that he has lent himself to dishonest propaganda by the dissemination of demonstrable untruths.

61) 윗글의 빈칸에 가장 적절한 답을 고르시오.

① the inconvenience ② organized party spirit
③ useless teaching ④ a lazy teacher
⑤ the justice in a country
