Leo Lionni, an internationally known designer, illustrator, and graphic artist, was born in Holland and lived in Italy until he came to the United States in 1939. As a little boy, he would go into the museums in Amsterdam, and that's how he taught himself how to draw. He got into writing and illustrating children's books almost ① **by accident**. Lionni tore out bits of paper from a magazine and used them as characters and made up a story to ② **entertain** his grandchildren on a train ride. This story became what we now know as the children's book titled Little Blue and Little Yellow. He became the first children's author/illustrator to use ③ **collage** as the main medium for his ④ **illustrations**. Lionni wrote and illustrated more than 40 children's books. In 1982, Lionni was ⑤ **diagnosed** with Parkinson's disease, but he kept working in drawing, illustrating and teaching. He passed away in October 1999 in Italy.
